NOTES.
 Little Driffield was originally numbered as a whole; with even numbers on the south side of the main street and odd numbers on the north side. For example addresses were simply 10 Little Driffield. Later road names were added giving rise to the anomaly of street addresses with missing numbers. For example; Church Lane has only 20,22,24 and 26 now in use. 22 Sunnyside; 22 was originally Saint Mary's Lodge. Church House (formerly Springfield House) may have been 16 and the now demolished Trout Stream Cottage, near Trout Stream House and Roebuck House was 18. To be verified.
 32 York Road now includes 30.
 36 York Road now includes 34.
